This listing of claims will replace all prior versions and listings of claims in the application:

Listing of Claims:

(Currently Amended) A roll of tickets comprising:
 a tube, and

a plurality of tickets wrapped around the tube, the plurality of tickets having interconnected ends defining rows of perforations therebetween, the plurality of tickets being formed from a substrate having a caliper characteristic between 5 and 11 8 points and an opacity characteristic of less than 98%.

- 2. (Original) The roll of tickets of claim 1, wherein the roll comprises 2000 tickets.
- 3. (Original) The roll of tickets of claim 2, wherein the diameter of the roll is less than 6.5 inches.
- 4. (Original) The roll of tickets of claim 1, wherein the substrate is reply card stock paper.
- 5. (Original) The roll of tickets of claim 1, wherein the caliper characteristic is 7.
- 6. (Withdrawn) A method of manufacturing a roll of tickets, the method comprising the steps of

unwinding a portion of a roll of paper, the paper having a caliper in the range of 5 and 11 points and an opacity of less than 98%,

feeding the unwound portion of paper through a printer, cutting the paper to form strips of paper, and perforating the strips to form separable tickets therebetween.

- 7. (Withdrawn) The method of claim 6, further comprising the step of rewinding the tickets in rolls of 2000.
- 8. (Withdrawn) The method of claim 6, further comprising the step of folding the tickets to form a deck of tickets.
- 9. (Withdrawn) The method of claim 8, wherein the deck comprises 3000 tickets.

10. (Original) A roll of tickets comprising:a tube, and

a plurality of tickets wrapped around the tube, the plurality of tickets having interconnected ends defining rows of perforations therebetween, the plurality of tickets being formed from a substrate having an opacity of less than 98%.

- 11. (Original) The roll of tickets of claim 10, wherein the opacity is approximately 95%.
- 12. (Original) The roll of tickets of claim 10, wherein the opacity is approximately 97.5%.
- 13. (Original) The roll of tickets of claim 10, wherein the substrate is reply stock paper.
 - 14. (Cancelled).
- 15. (Original) The roll of tickets of claim 14, wherein the diameter of the roll is less than 6.5 inches.
- 16. (Original) The roll of tickets of claim 10, wherein the roll comprises 1000 tickets.
- 17. (Original) The roll of tickets of claim 16, wherein the diameter of the roll is less than 4.5 inches.
- 18. (Currently Amended) The roll of tickets of claim 10, wherein the substrate has a caliper characteristic in the range of <u>from 5 and 11 to 8</u> points.
- 19. (Currently Amended) A plurality of tickets comprising:

 a sheet of reply card stock paper <u>having a caliper in the range of from 5 to</u>

 8 points and having perforations defining detachable tickets therebetween.
 - 20. (Cancelled).
- 21. (Currently Amended) A plurality of tickets comprising:

 a strip of reply card stock paper <u>having an opacity of less than 98% and</u>

 having perforations defining detachable tickets therebetween, the strip being folded along at least some of the perforations to form a deck of tickets.
- 22. (Currently Amended) The tickets of claim 21, wherein the caliper characteristic is in the range of <u>from 5 and 11 to 8</u> points.
- 23. (Currently Amended) The tickets of claim 21, wherein each ticket has a marking imprinted thereon for triggering a <u>light and sensor</u> ticket-counting device.
